

The Vox

President's Message

Fellow Hams,

I would like to thank Rodney Wolfe (N3XG) and all the club members who turned out to participate in the 2017 Field Day for a great effort. Field Day was a success! The weather cleared nicely and we had a smooth and efficient deployment to the Brickyard Road site. The HF bands were busy and we had Hams ready and willing to work both voice and digital modes. The 6 meter band was open and we were able to make a surprising number of 6 M QSO's. It was also nice to see a number of new faces come out to help and operate. Tear down and cleanup also went like clockwork. I am already looking forward to Field Day 2018. We would like to build on this years success and we are considering an expansion of our operation. If you did not make Field Day this year please put it on your to do list for 2018.

I hope everyone is having a safe and happy summer!

73!!!

John (AB3LZ)

LVARC Picnic

Greetings, fellow radio critters! The annual LVARC picnic is rapidly approaching, and I'd like to get a rough head count, plus a list of foodstuffs folks are bringing. Bring your family, bring your dog, bring your dog's family, but please reply not later than Wednesday, 19 July. If you forget, or just don't GAS, show up anyway, as there's always plenty of side dishes left over. (No promises re: hot dogs and burgers...) I'm bringing ice cream again, and this year I'll try to keep it frozen. Maybe a 12-pack of Moxie, too.

Location: Upper Macungie Park, Fogelsville

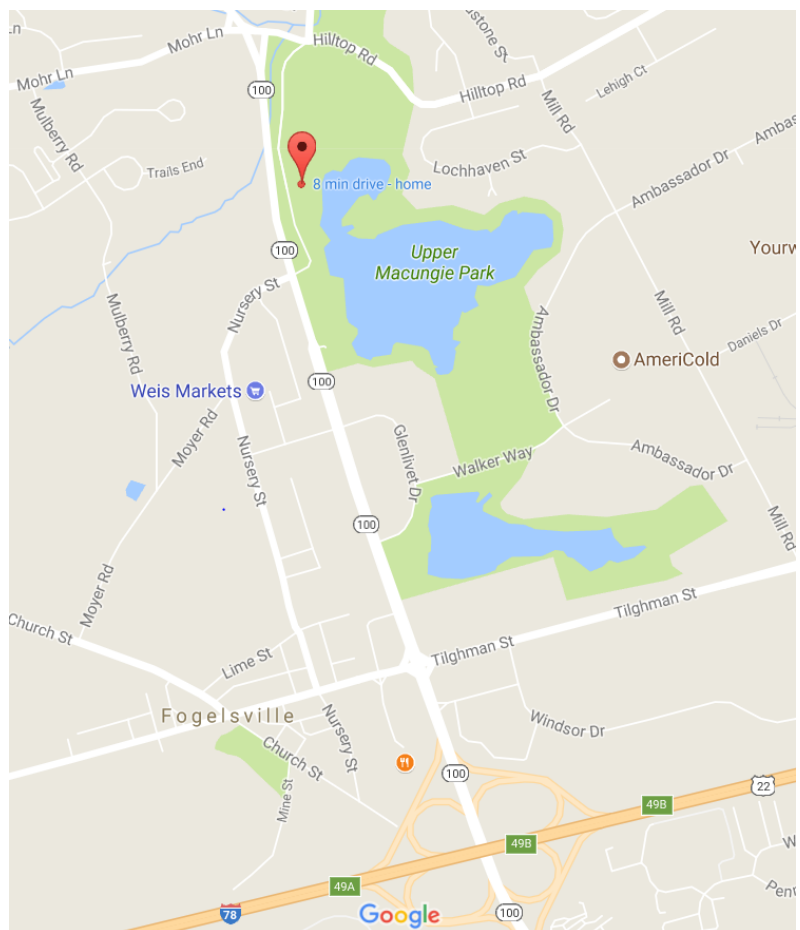

Date: Saturday, 22 July.

Directions: from Rte 22, take whichever ramp goes to 100N. Go ~1.0 mile, and turn RIGHT on Haasadahl Rd. Proceed to the upper pavilion.

Co-ordinates: 40.596401 -75.630244

See ya' there!

Don Hoppes, NØVGA

Monday Night Traffic Net

On Monday nights at 7:30pm the club has a different kind of 'meeting' on the air called a traffic net. Members and non-members can check in and hone their emergency traffic handling skills as part of the net. The net takes place on the primary repeater used by the club on 146.94 Mhz. Messages, bulletins and traffic are handled by the net control station. Tune in for announcements of upcoming meetings and club events.

Check-Ins Every Monday Night
LC/LVARC/RACES Net on
146.94 (PL 71.9)

Alternate frequency on
147.735/147.135 (DCS 315)

The Net begins at 7:30 p.m. ET

LVARC Repeaters
146.34 / 146.94 (PL 71.9)
147.735/147.135 (DCS - 315)
Club Simplex Frequency - 147.420

LVARC VE Report
Mark, AK3M

Volunteer Examiners

Date: The next VE test session will be on September 15, 2017
 Location: Hanover Elementary School at 6:30 pm.
 Registration: Contact Mark (AK3M) at AK3M@rcn.com.
 Enrollment: The deadline to register for the September 10, 2017.

Report:

Field Day testing yielded one upgrade to General, Chris KC3EXN and one new Technician, Doug, KC3JLK. No testing is scheduled until September.

There will be NO test session in July or August, 2017. The regular third Friday of the month test session at the school will resume on Friday September 15, 2017.

Congratulations:

Chris Costabile, [KC3EXN](#) - General
 Doug George, [KC3JLK](#) - Technician

Communications

"I have a news item from Jeff Kelly (N3MFT). The Big Rock receiver for the 146.94 repeater voter has been replaced with a MTR2000 receiver. This completes the current upgrades to the 146.94 repeater. Jeff also reports that the DStar repeaters have been repaired by ICOM and are being shipped back to Jeff. The repaired DStar repeaters should be back in service in the near future." John (AB3LZ)

Club Station

Equipment Update

Oct	NVIS Antennas	Mike Mandell	Paul	
Nov	EchoLink	Rodney Wolfe	Rod	
Dec	Club Elections	All Members	Christmas Party	

■ Please note that there are 4 months that the club station will not be open. They are months that we have other activities scheduled (i.e. Field Day).

If there appears to be a strong demand for station use we will add additional nights.

Right now we will see who shows up and people will have to share time on machines if we get more than 3 or 4 at a time.

notes

There are no scheduled hands-on nights for 2017. However, the club station will be open for selected third Tuesday nights.

LVARC Minutes July 2017

Tuesday, July 11, 2017

19:30

Tri-Clover Fire Company, Orefield, PA

7/11/2017

Opening:

The regular meeting of the Lehigh Valley Amateur Radio Club was called to order at 7:30 on July 11 by President Bartos .

There were a total of 21 members in attendance, and the club was joined by no guests.

Guests:

The following Board Members were present at the meeting: John Bartos, Chuck Ballard, Brian Snyder, Mike Mandell, Paul Ryan, Rick Pearce, Dave Jenkins, Rodney Wolfe, Phil Biggs

Approval of Minutes

The minutes of the previous meeting were unanimously approved as distributed.

Moved: Chuck, W3CDY

Second: Jerry, KC3FNB

Carried

Treasurer's Report (Brian-KB3QHA)

Treasurer's report was read and approved.

Brian also announced he is compiling a list of those who need member badges.

Committee Reports

Repeater:

Rod, N3XG reported the Dstar radios are repaired and awaiting shipment from Icom. The MTR 2000 receiver is installed at Big Rock.

Program:

Tonight is Dave, KC3BFO on Dstar. Next month will be antenna tuners and SWR meters by Paul, NOKIA Volunteer Examiners:

Field Day testing yielded one upgrade to General, Chris KC3EXN and one new Technician, Doug, KC3JLK. No testing is scheduled until September.

ARES:

Hanover 5K was supported in June. Next ARES event is the Via Marathon in September. NTS training nets continue after the Monday net on the 135 repeater.

Communications:

Chuck, W3CDY reported the committee is awaiting suggestions from members. Some discussion on maintaining the membership database.

Club Station:

John, AB3LZ reported we used the Kenwood for Field Day and it worked fine. He would like to install our 80M OCF

on the roof and buy another for Field Day. We need an indoor work party (one or two people) for some floor work on water ingress. Richard, KC3FEZ reported there was an issue in wire routing on internet, so they need to meet with EPA EMS to resolve this. We are also going to need a roof work party this summer for installing the 80M OCF and the bracket support for the VHF antenna.

Old Business:

Club Picnic is July 22 around noon at the same site on Route 100.

Field Day was very good, with great weather. Our score was 746 as reported. Myles, KB3ZMA volunteered to help organize Field Day in the future.

New Business:

Rod, N3XG said we have the potential of a trailer donation from EPA EMS.

Moved to negotiate for donation

Chuck, W3CDY

Steve, K2OPA

Carried

Good of the Order:

Paul, NOKIA reported he has located the 160M coils for the vertical antenna. Doug reported the Sussex hamfest is this Sunday. Phil, KB3HMK mentioned a California ham who builds cables he has had excellent results with.

Sick Report:

None

New Member Applicants:

Julio Cesar Folhadell, KC3JCJ

Joseph Moskalski, KC2IRV

Motion to accept: Chuck, W3CDY

Second: Don, NOVGA

Carried

Adjournment:

Meeting was adjourned at 8:17

Moved: Rick, KC3EXO

Seconded: Chuck, W3CDY

Carried

Minutes submitted by: Mike, KC3BLF

Recommendation

I have attached a business card of a ham that I bought programming cables from. It's the front and back. I have had great service from this guy.

Thank You

Attached is a Thank You note from Dr. Mike Martinez who is the head of the Half-Marathon which we service in Spring.

In case it can't be read, it says, "Dear Mark, Thanks as always for your team's invaluable contribution to the St. Luke's Half Marathon. Sincerely Mike."

This Thank You card belongs to all those who helped provide communications for this annual event.

Mark, AK3M

I took early retirement from Talen Energy, previously part of PPL and now I am interested in getting back into the workforce. Please keep me in mind if you know of any opportunities.

Thanks

John Hilderbrand, WB3DX

As a forward-thinking business systems analyst, I blend technological and operational aptitudes to drive customized solutions yielding profitable results. I am respected for my proclivity to identify ever-changing market trends, and functional requirement development. I am also regarded as an innovative thought leader with success in leading business development, strategic planning, and process improvement initiatives. Known as a business process re-engineering expert, I drive companies to achieve competitive and sustainable growth.

I offer cutting-edge, advanced knowledge in sustainable energy solutions and leading technologies. I'm also strongly interested in outpacing competition and contributing to innovative solutions for our new energy economy.

Some highlights of my career-wide success include:

- * Salvaged a key client relationship following a misaligned MS SharePoint application by strategically managing defects and cultivating positive rapport until application replacement.
- * Proven record of career growth as a direct result of ability to continually improve processes in accordance with business needs.
- * Played a key role in strategic development efforts after deregulation of electricity industry by defining market segments, acquiring key customer lists, and driving sales goals.
- * Functioned as a core player in the formation of a thriving supply company in deregulated electricity marketplace.
- * Headed real-time data historian initiative, delivering OSIsoft PI system with connectivity to Alstom's Transmission Management System (TMS) to collect/archive time-series and event-based data from 450 substations.
- * Optimized cost benefit analysis through close collaboration with commercial/industrial clientele.

If you would like to learn more about my professional experience or wish to see my resume, please feel free to connect with me:
